Raphael Tuck & Sons' ART POSTCARDS OF THEIR MAJESTIES THE KING & QUEEN

A Belgian dairy-fed. Here is a woman with milk walking beside her little cart drawn by only one dog, who walks wearily as if his load were a heavy one. The laundry carts are habitually drawn by one dog.

Dear Eleanor
We are once more in the sunny shores of France after an excellent service always pleasant. Wednesday 2.15. Wasn't bad was it. The warm weather has improved but not the fruit yet. Mum: was a little seasick I wasn't a bit. Good bye much love to you all from your loving friend
